Company Overview

Company Name : Power Bank India

Founded : Est 1999

Headquarters : E-159 , sector A-7 Part 1 ,Tronica City, Loni,
Ghaziabad, Uttar Pradesh 201102

POWER BANK INDIA IS A TRUSTED MANUFACTURER OF POWER CONDITIONING AND DISTRIBUTION EQUIPMENT, SPECIALIZING IN SERVO VOLTAGE STABILIZERS, ISOLATION TRANSFORMERS, AND DISTRIBUTION TRANSFORMERS. WITH A FOCUS ON QUALITY, CUSTOMIZATION, AND LONG-TERM RELIABILITY, WE SERVE CRITICAL SECTORS INCLUDING HEALTHCARE, IT, MANUFACTURING, AND COMMERCIAL INFRASTRUCTURE ACROSS WORLD.

Mission Statement

To deliver high-quality, innovative, and reliable power solutions that empower industries, safeguard equipment, and support India's growing infrastructure – with a commitment to excellence, customization, and customer satisfaction."

Vision Statement

To become India's most trusted brand in power management by setting benchmarks in quality, innovation, and customer-centric solutions for the electrical and industrial sectors.

CORE VALUES

Core values are fundamental beliefs that guide a company's actions, decisions, and culture. Here are core values in POWER BANK INDIA.

- Integrity
- Quality Excellence
- Customer Focus
- Teamwork
- Innovation
- Reliability
- Collaboration
- Diversity and Inclusion

Products and Services

Power Bank India is dedicated to providing innovative and sustainable power solutions for businesses and consumers.

Products

Servo Voltage Stabilizers

- Single-phase & Three-phase
- Range: 25 kVA to 3000 kVA
- Digital control, fast correction, overload protection

Isolation Transformers

- Up to 500 kVA
- Ideal for medical, industrial, and IT equipment

Distribution Transformers

- Energy-efficient and BIS-compliant
- Suitable for commercial and industrial use
- Customized designs on request.

Services

Custom Engineering & Design

- Tailor-made power solutions based on site requirements

Installation & Commissioning

- End-to-end service with expert guidance

Annual Maintenance & Repairs

- Preventive and breakdown maintenance by trained technicians

Technical Documentation

- GA Drawings, SLDs, test reports, and product certifications provided

Target Market

 **We Serve Power Needs Across Industries:**

 **Healthcare & Hospitals**

Protecting sensitive medical equipment with stabilizers and isolation transformers.

 **Manufacturing & Industrial Units**

Reliable voltage control for machinery and automated systems.

 **Data Centers & IT Parks**

Ensuring clean, stable power for critical tech infrastructure.

 **Commercial Buildings & Malls**

Power distribution and stabilization for elevators, lighting, and HVAC systems.

 **Educational Institutions**

Safeguarding labs, computers, and smart classroom equipment.

 **Infrastructure Projects & Utilities**

Supporting smart cities, electrical panels, and utility-based installations.

These achievements establish Power Bank India as a trusted leader in industrial power solutions, reflecting our commitment to quality, innovation, and reliable performance in critical sectors across India.

Message from our founder ➔

When we started Power Bank India (Ample), our vision was clear — to build a company that stands for trust, quality, and real-world performance in the power sector. We understood the challenges industries face due to unstable power, and we made it our mission to deliver reliable, customized solutions that make a difference.

Every product we design, every service we offer, and every customer we support reflects our deep commitment to excellence. We don't just manufacture equipment — we power progress. Thank you for being part of this journey."

- MR. Narender Panchal
Founder & Managing Director
Power Bank India (Ample)

TRUSTED BY INDUSTRY LEADERS

14

Over the years, Power Bank India has proudly partnered with a wide range of clients across India — from emerging businesses to established industry leaders. Our reliable power solutions have earned the trust of customers across critical sectors.

Conclusion

- At Power Bank India, we're not just delivering stabilizers and transformers — we're delivering confidence, efficiency, and reliability to every project we touch.
- With a strong foundation in engineering, a customer-first approach, and a passion for innovation, we are ready to empower the industries of tomorrow.

🔌 **Powering Progress. Energizing Excellence.**
